**Response to Notice of Abandonment /  
Supplemental Petition To Revive Under 1.137(b)/(c)**

Dear Sir:

The following is responsive to the Notice of Abandonment dated 4/28/10. In the Notice, it was indicated that the application was abandoned when the issue and publication fee was not filed within the 3-month statutory period.

As set forth in Applicant's Petition for Revive under 1.137(b) filed February 26, 2010, this abandonment was unintentional. The February 26 petition included the issue and publication fees, as required by 37 CFR 1.137(c), along with the executed issue fee transmittal form. The Petition explained the circumstances of the unintentional abandonment of the application.

Applicants respectfully assert that their bona fide attempt to maintain pendency of the application indicated a clear desire to avoid abandonment of the application. It is respectfully asserted that the conditions under 37 CFR 1.137(b) and (c) have been met, and that the abandonment was unintentional in nature. Acceptance of the Petition to Revive and a grant of the application as a US Patent is respectfully requested.

The Commissioner is hereby authorized to charge any fees associated with the filing of this response, including extension of time fees to Applicants' deposit account 07-1392.

Respectfully submitted,

Dated: May 03, 2010
